

GARRETT KINNEY IS \$174,190 SHORT, CLAIM

Special Audit Of His Accounts Completed, Report Made

Springfield, Ill., June 21.—(P)—Information that Garrett De P. Kinney, of Peoria, former state finance director, was \$174,190 short in his accounts for administration of the state gas tax funds today was turned over to his successor, Joseph J. Rice, and Governor Horner.

The report of a special audit also said that Kinney had deposited \$352,893.41 in two closed banks, the Ridgely-Farmers here and the Ayers National at Jacksonville.

Rice made no comment on possible action, saying he wanted to analyze the lengthy and complicated report.

Former State Chairman

Kinney is a former Republican state chairman and served one term as state treasurer, being elected in 1926. He headed the finance department during the Emmerson administration.

Reports had been current for some time that members of the Democratic administration had asked Kinney to come to Springfield to explain account shortages. The state has filed suits to recover the departmental funds from the Springfield and Jacksonville banks on the ground that they are preferred claims.

The audit, made at the request of Rice through the office of State Auditor Edward J. Barrett, revealed that on last January 31 there was a deficiency of \$88,996.14 in Kinney's accounts, of which \$69,881.48 was listed as irregular withdrawals and the rest as receipts which had been entered in the cash book but not deposited in banks.

The charge also was made that on October 31, 1931, there was a deficiency of \$88,996.14, representing differences in bank balances and unrecorded collections and cash deposits.

This shortage was reported in a previous audit by another firm of accountants, which said on last November that satisfactory explanations had been made. The second firm, however, did not find that a reconciliation had been made.

In alleging irregular withdrawals, the audit said that \$35,255.20 from the Commercial Merchants National Bank and Trust company of Peoria and \$24,000 from the Ridgely-Farmers had been deposited in a Chicago bank to the credit of the Custer and Peoria State company of Peoria.

Money formerly paid to Kinney now is a director of the Peoria company.

Kinney was bonded for \$25,000 when he became director of finance, but the bonding company is in receivership.

YOUTH CONFESSES HE KILLED MAN

Chicago, June 21.—(P)—One of four youths arrested along with Mrs. Bessie Opas, 33, accused of plotting the death of her husband, tonight confessed, police said, to the slaying of Homer Barnhart, killed in 1931 as the result of an argument after a traffic accident.

Sergeant Michael Naughton said Angelo Maso, 21, one of the quartet signed a confession and named two accomplices, now being sought.

Mrs. Opas—denying announcements from police that she confessed hiring the four youths to kill her husband in an insurance plot—was held to the grand jury on \$15,000 bond.

The husband, Marion, 37, was in a forcing mood. He told the court he believed his wife guilty of plotting his death and laid the blame on the youths. Prosecutors said, Opas will appear before a grand jury.

May Apply Farm Act to Hogs And Corn Soon, Claim

Washington, June 21.—(P)—Plans for applying the farm act to hogs and corn will involve a reduction of from 15 to 20 percent in the tonnage of swine marketed in the United States annually.

This aim has been set by administrators who are seeking to devise methods through which a substantial reduction in corn acreage may be achieved as well. Most corn is grown as hog feed and prices and supply of the two are closely related.

STOPS USE OF FUEL TAX FOR RELIEF WORK

Permanent Injunction Is Issued By Judge L. E. Stone

Springfield, Ill., June 21.—(P)—The diversion of hundreds of motor fuel tax money to unemployment relief was held unconstitutional today by Circuit Judge Lawrence E. Stone.

His decision prevents county boards from diverting the share—up to three percent—of the gas tax money to help meet the costs of unemployment relief, either directly or in retreating special bond issues.

The injunction prevents state treasurer John Martin and state auditor Edward J. Barrett from permitting the use of the tax receipts for any purpose other than that intended by the original law.

With the sales tax bill having doubtful prospects in the House of Representatives, Judge Stone's decision takes away another source of poor relief revenue.

Walter S. Reynolds, chairman of the Illinois emergency relief commission, issued a list of downstate counties which had planned to use the tax money, matched by federal funds to meet relief needs this month. These counties, Reynolds said, now must make other provisions for this purpose.

Counties and amounts given by Reynolds are as follows: Bond, \$1,500; Bureau, \$3,200; Christian, \$3,600; Clinton, \$2,000; Cole, \$3,000; De Kalb, \$2,000; Duane, \$1,000; Franklin, \$6,000; Grundy, \$3,000; Jackson, \$3,000; Kane, \$15,000; Kendall, \$1,000; La Salle, \$25,000; Macon, \$9,000; McLean, \$8,000; Peoria, \$25,000; Perry, \$2,000; Pope, \$1,000; Pulaski, \$1,500; Putnam, \$1,000; Randolph, \$1,500; St. Clair, \$20,000; Saline, \$2,000; Sangamon, \$9,000; Tazewell, \$4,000; Wabash, \$600; Will, \$19,000; Williamson, \$6,000; and Winnebago, \$25,000.

CHARLES FLOYD WRITES NOTE TO K. C. OFFICERS

Denies Participating in Mas- sacre of Four Men at Union Station

Kansas City, June 21.—(P)—Lee Leon, Los Angeles, today carried a letter in which Lieut. William Gordon, police bureau of identification, informed "Whom It May Concern" that "x x x" the visiting Californian is not Charles (Pretty Boy) Floyd, notorious gunman, but a cosmetic salesman who would appreciate a chance to attend to his business.

After several forced visits to the office of the chief of detectives Leon complained. A patrolman would halt him and say, "If you're not Pretty Boy Floyd I'll eat my night suit."

Gordon wrote the letter after a careful examination and handed it over to his business.

"My, but you look like Floyd."

Meanwhile a post card was received at police headquarters signed with the name of the hunted Oklahoma outlaw. It denied that Floyd had participated in the machine gun slaying of four officers and Frank Nash, a member of the Union station plaza last Saturday.

Mailed from Springfield, Mo., at 7:30 o'clock last night, the postcard read:

"Kansas City Police Department.
"Kansas City, Mo.
"Dear Sir: I—Charles Floyd—want to make known that I did not participate in the massacre of officers at Kansas City."
"Charles Floyd"

The card was printed in pencil. After comparing it with samples of Floyd's writing and printing on file in his office, Lieut. Gordon said it was genuine.

MARRIED 50 YEARS

Galena, Ill., June 21.—(P)—A half-century of happy married life today rested lightly on Mr. and Mrs. Fred J. Hoelting as they observed their golden wedding anniversary among friends at their home here today. Mr. Hoelting, pensioned after more than 50 years of railroad, and his wife devote much of their time to raising rare varieties of flowers.

WITHDRAW TROOPS

Springfield, Ill., June 21.—(P)—State troops on duty in Springfield since the rioting of June 7, in which one man was killed and ten shot, were withdrawn today. There "had been little trouble since the riot."

TO POSTPONE ADJOURNMENT OF ASSEMBLY

Chicago Mayor Wants Cook County Bills Passed

By Lester M. Hill,
Associated Press Staff Writer,
Springfield, Ill., June 21.—(P)—Plans for adjournment of the legislature before next week were abandoned today at a caucus of Democratic officials and Chicago leaders.

Mayor Edward J. Kelly, of Chicago, asked the General Assembly to stay in session until the last few days of June so that full consideration could be given a non-referendum bond issue for the Chicago school board and other bills of interest to Cook county.

Pat Nash Present

Pat Nash, of Chicago, Democratic national committeeman, also attended the caucus, at which the state members of the majority party were not in full agreement concerning the administration's utility control bill.

The Shaw truck bill, considered by its opponents the most drastic legislation of its kind to come up before the General Assembly, remained on third reading when its supporters were unable to get the required votes for passage and further consideration was postponed.

The bill would limit the height of trucks and buses to 11 feet and the weight to 30,000 pounds, including load. Senator Mayfield, Chicago, led the fight against the bill, contending it would cause serious hardship to industry and increase the price of merchandise.

The death of the Kalahar House bill, which would put trucks and buses under the control of the Illinois Commerce Commission, was virtually assured when the Senate voted 10 to 19 to refuse to place the bill on its calendar.

Senator R. M. Shaw, of Lawrenceville, continued to push appropriation bills for final passage.

The state treasury was pushed forward to the Senate calendar today, of which sixteen were Senate appropriation bills duplicating House bills which were passed by the upper house yesterday and sent to the governor.

The Senate today passed the University of Illinois revolving fund bill, which would place the fund in the Senate today to second reading without reference to committee. Senator Clifford, Champaign, made the motion for advancement of the bill.

ROOSEVELT IS ENJOYING TRIP IN SAIL BOAT

President Confers With His Director of Budget During Day

By Francis M. Stephenson,
Associated Press Staff Writer,
Little Harbor, N. H., June 21.—(P)—Combining a little business with a lot of pleasure, President Roosevelt cruised into this familiar harbor tonight after a leisurely sail from Gloucester, Mass.

Before taking off he conferred with Lewis Douglas, his director of the budget, and Col. Edward M. House, sage of foreign affairs, Veterans' economics and how to ease them was the topic with busy Mr. Douglas.

The sun celebrated the longest day of the year by remaining out for the presidential arrival just before seven o'clock, Eastern Standard Time, to brighten the skies for the hosts on shore with their field glasses.

Wearing his oilskin and sailor hat Mr. Roosevelt was again at the helm as he guided the amberglack around the rocky breakwater. He left his accompanying destroyers and yacht outside in the deeper waters. Talking with newspapermen, the president described the trip as "great."

"I will see the granddaughter tonight," he added smiling.

Sarah Frances Roosevelt, daughter of James Roosevelt Jr., his eldest son, and her mother have a summer cottage at Rye Beach, nearby.

With the wives of the members of his crew aboard, Mr. Roosevelt hoisted sail from Gloucester shortly after noon.

A stop was made to permit the womenfolk to depart, and the sailor president steered a course across the deep for this harbor just below Portland mouth.

To take full advantage of the light wind, he hoisted for the first time the spinnaker sail.

Portland, Maine, is the goal for tonight. A layover there on Friday is planned. At this port the two youngest sons of the president, Franklin Jr. and John, will replace a couple of members of the crew.

DIES OF WOUNDS

Pontiac, Ill., June 21.—(P)—Fred Carlson, 38, died today of gunshot wounds and his father-in-law, Charles Brees, surrendered and was held in jail here pending arraignment for the shooting.

Brees, a farmer, shot Carlson twice with a .32 calibre revolver after an argument over ownership of corn. Both bullets pierced his chest near the heart.

BURN SCHOOL HOUSE

Harrisburg, Ill., June 21.—(P)—Sheriff Eugene Choussier said today he would report the burning of the \$10,000 five room school house at Harco, Ill., yesterday to the state fire marshal's office.

Sheriff Choussier said the cause of the fire was not determined. It was insured for about \$5,000.

Commoner Wins Spanish Prince

The girl for whom the former crown prince of Spain has renounced his claims to the throne is shown above. She is Senorita Edelmira San Pedro, a commoner.

FORMER SPANISH PRINCE MARRIES "A COMMONER"

Alfonso XII Opposes Marriage Of Son To Cuban Girl

Lausanne, Switzerland, June 21.—(P)—The former prince of the Asturias, deposing parental opposition and renouncing his rights to the Spanish throne for love, was married today to Edelmira San Pedro, attractive daughter of a Cuban merchant.

Bitterly disappointed over the lack of approval from former King Alfonso XIII, in whose last word before the wedding caused the bridegroom to burst into sobs, the couple nevertheless smiled happily.

The brief civil marriage in the city hall of Lausanne was followed by the nuptial benediction in the Sacred Heart church of Cuchy, on the shores of Lake Geneva.

Though shorn officially of royal prerogatives, the former prince was still "his highness" in the wedding ritual, while to the people, who crowded the streets and shouted acclamations, the wedding was a real fairy tale romance union of a prince and a commoner.

The 27-year-old brunette bride, one of a family of sisters noted for their beauty, was greeted with murmurs of admiration. She wore a white gown with a ten foot train, and a silver pearl studded headband and carried a white lilies of the valley.

The civil ceremony she wore a black coat, a yellow dress and a small beige hat with a narrow brim.

The former prince, one year younger than his bride, went in a blue suit to the city hall but appeared at the church in a tuxedo with striped trousers and wore in his lapel the decoration of the golden fleece, one of the oldest and most highly prized of Spanish orders.

The couple received many presents, although many Spanish nobles sent their regrets, fearing disapproval. But no presents came from Pentaingebau, France, the residence of the former king and queen.

The former prince who retains only the nominal title Count Cavadonga, took his bride tonight to Evians-les-Bains, on the French side of Lake Geneva, where they will spend a honeymoon of a month or two. Later they plan to visit Cuba.

The former prince was heavily guarded by police throughout today's events in view of the anonymous warning sent a few days ago saying his life was in danger.

Duke Manuel Almadova, a Spanish grandee and the only member of old Spanish court circles present, was the best man. The bride's witness was Senorita Vivien Conill Y Hidalgo, a cousin.

The civil ceremony lasted only ten minutes. The bride and bridegroom rose to answer "yes" when the municipal marriage officer, Auguste Margot, asked if they took each other to be man and wife. He read the marriage law and admonished the bride to obey her husband.

The church benediction also was brief, the mass being limited. The final act was the exchange of rings by the bride and bridegroom.

The young couple met about a year ago when they both came here to a sanitarium for treatment.

AWARDED DAMAGES

Chicago, June 21.—(P)—Dr. George F. Way, U.S. surgeon, was awarded \$35,000 damages in Superior court today in his \$200,000 suit against the Illinois Power & Light Company.

Dr. Way was injured when the auto he was driving in Urbana was struck by a motorist operated by the Power Company. He testified that he suffered a fracture of the skull and other injuries.

Attorneys for the Utilities Company said they would appeal the verdict.

U.S. DELEGATES MAY ELIMINATE MONETARY TALK

New Instructions Are Received From Roosevelt

By Claude A. Jagger,
Associated Press Staff Writer,
London, June 21.—(P)—The American delegation, in the light of new instructions received from President Roosevelt decided tonight to withhold dollar stabilization until it obtains satisfactory guarantees that the United States is going to get what it wants out of the world economic conference.

While Cordell Hull, secretary of state and his American colleagues were discussing the new orders, Prime Minister MacDonald, chairman of the conference was understood to be formulating a plan to eliminate for the time being any treatment of the bitterly controversial monetary issue.

Leave Conference

Meanwhile foreign minister Baron Von Neurath and eight other members of the German delegation left London for Berlin unexpectedly and without giving any definite assurance of an early return to the London assembly.

The Germans were hiked and booed by a large anti-Nazi crowd at the railway station.

The French delegation failed to carry out threats of demanding adjournment of the conference until the dollar should be stabilized but the feeling of anxiety continued intense.

American quarters were clearly disturbed by the solid lining up of many countries opposed to dollar instability. It was unofficially pointed out in comment that one of the chief points of the Washington program was stabilization as soon as practicable along the lines laid down in the resolution submitted Monday by Senator Key Pittman.

Georges Bonnet, leader of the French representation in the outstanding address of the day before a subcommittee of the monetary commission, asked "how can capital flow and confidence be restored to a country with sound finances and a balanced budget can be hard hit because near or distant countries have embarked on perilous courses of inflation or currency devaluation?"

The French finance minister made an impassioned plea for dollar stabilization. Many delegates interpreted his remarks as an appeal to end dollar depreciation before France should be forced off the gold standard.

\$100,000 PAID TO KIDNAPERS OF ST. PAUL BREWER

One of Largest Ransom Sums Ever Paid to Abductors in United States

St. Paul, June 21.—(P)—One hundred thousand dollars was paid kidnapers of William Hamm, a year ago, St. Paul brewer, president, for his release—one of the largest ransom sums on record in the United States.

The first definite information of the amount paid to the abductors of Hamm was made public today.

Kidnapers were reported to have obtained \$150,000 for the release of James Hackett in Chicago a year ago.

William D. Isaac Kelly, St. Louis, was freed in 1931 after an undisclosed payment after the abductors had demanded \$150,000. One hundred thousand dollars was paid for the release of Michael Katz, Kansas City druggist, in 1930.

A reliable source said the ransom money was paid with gold in denominations of \$5, \$10 and \$20 all in currency. The negotiators kept a record of the numbers.

This contradicted previous statements of J. H. Charles, Attorney for the Theodore Hamm brewing company, of which the 39 year old millionaire is president, that the \$100,000 demand of the kidnapers was not all met.

Circulating serial numbers of the ransom money would cost \$3,000, and the plan has been abandoned.

Two men picked up at Mankato, Minn., for questioning in connection with the case were released, each after being brought to police headquarters here. They were H. R. Gleason, Mitchell, S. D., and Charles Havlik, Kimball, S. D.

THOUSAND WOMEN START RIOT AT APRON FACTORY

Claim They Are Being Paid \$2 to \$4 For 52-Hour Week

Chicago, June 21.—(P)—A thousand women rioted today in furtherance of a strike at the B. Sopkin and Sons company, apron manufacturers.

Windows were broken, heads cracked by police clubs, and office workers threatened. A policeman bitten on the arm by a woman went to a hospital and four others were knocked down.

Bricks, clubs, teeth and fists were used freely. The fray started when the strikers attempted to dissuade office workers from returning to work after lunch.

A small army of police hustled 15 of the demonstrators off to jail.

Officials of the plant said the strike was called by the Needle Workers Industrial Union after the firm failed to meet allegedly excessive demands regarding wages, working hours, and sanitary conditions.

Hundreds distributed in calling the strike charged women workers were paid \$2, \$3 and \$4 for a 52 hour week and that they were "treated like machines, not being allowed to smile or look up from their work."

ROBBERS SHOOT MAN

Harrisburg, Ill., June 21.—(P)—Turner Baker, 30, was shot in the right arm last night by one of two men who attempted to rob him in his farm home. The robbers fled after shooting him.

TRAINING COURSE IS COMPLETED

Champaign, Ill., June 21.—(P)—Superintendents and foremen of the 10 soil erosion camps to be set up in Illinois by the federal government completed a two-day training course at the University of Illinois today.

Each of the camps it was explained, will furnish work for about 300 unemployed men. The camps, which will be branches of the civilian conservation corps, are to be created under the terms of the federal emergency conservation act.

The foremen were told their work will include building dams of brush, logs, earth or rock, and the construction of ponds, reservoirs and diversion ditches. They will plant trees and otherwise supplement vegetation where it is needed.

In the two day session, leaders were trained for camps in the following areas: Jo Daviess county; Stephenson, Carroll, Whiteside and Ogle counties; Knox, Peoria, Stark and Fulton counties; roan and Pike counties; Schuyler county; Pike county; Jersey, Madison and Macoupin counties; and Perry, Washington and Jackson counties.

Fair Price For Beer is \$14.50 a Barrel, Claim

Springfield, Ill., June 21.—(P)—A fair brewer's price for a barrel of beer is \$14.50, the Noonan investigating committee reported to the house of representatives today. Present brewer's quotations range from \$17 to \$19.

Garry Noonan, Democrat, Chicago, who headed the investigation designed to bring back five cent beer, presented the report which urged that the investigation be continued after adjournment. He urged formation of a commission.

Joseph B. Costello, Chicago accountant hired by the committee to determine the cost of making beer, reported that the time had been too short for him to make accurate calculations.

Marrying a Prince

The former Prince of Asturias, son of former King Alfonso of Spain, has been married to Edelmira Sampedro, a Cuban girl, not of royal blood. For this deed, King Alfonso has made life miserable for his son, and the Spanish nobles the Prince invited to the wedding, snubbed him.

The Prince paved the way for his marriage by renouncing all his royal rights. The fact that the people of

Spain are now ruling themselves, and that Alfonso is no longer a king made no difference. There were still royal rights to renounce, and any member of a royal house who would go outside to choose a wife, had to renounce them.

Doubtless the Prince figured he would rather be happy than cling to a title which has been made empty by a national revolution. He was the first of a wise prince. He has demonstrated that he is more than a prince; he is a human being and has asserted his right to live and act as a normal person.

This man who has the misfortune of being of royal parentage may find family relations somewhat strained. But he must remember that his marriage establishes him as the head of a family in his own right, a right more to be prized than a royal title. If he has to break with his ancestors, all well and good. He can find a home of his own and live his own life, free of traditional restrictions. Only as the Prince has the spirit to follow his own course will he be able to carve out for himself and his bride a life of happiness.

Exit The Amateur

The day of the amateur in nearly every walk of life is rapidly passing. People no longer have patience with the amateur, be he a driver of a car or a beginner in almost any trade or calling. This attitude discourages many young people who want to succeed, but whose mistakes rouse such rage on the part of those who are in a hurry to get things done, that the amateurs give up in despair.

A well known writer recently deplored the work of amateurs, and in doing so provided a reason for the universal opposition to them. This writer declared against those who be-

come writers because they have flown across the ocean with a prize fight, or have had startling success in some other line. However, syndicates who rush after names, rather than good writing, are partially to blame for this evil.

But the sort of amateur who rouses impatience is not the person seeking honestly to learn with the view of becoming a professional. That sort of amateur has a place in the world and is destined to become the skilled workman of tomorrow. But the person who is an amateur for commercial reasons or merely to satisfy a desire for pleasure, who learns to drive a car carelessly, without accepting the serious responsibility of the job or who engages in some work with no serious intention of keeping it, that amateur is booked for a cool reception in this world of practical affairs.

To the Editor of The Journal-Courier:

Beverly Hills, Calif., June 21.—When the economic conference first met in London, there was a great deal of doubt as to just what were its hopes and aims. Well after ten days, we are no longer in doubt. They had three reasons for meeting. The first was to cancel the debt to America, the second was to cancel the debt to America, and the third was to cancel the debt to America. From then on they could take up any little loose ends and end such as lowering American tariffs, stabilizing American money above the price of their own. With these accomplished, they could all go home, and if things don't pick up in their own countries, think up something else to blame America for, then meet and have another conference.

Why shouldn't I say nice things about Luckies?

I must confess that I enjoy smoking more and more. Maybe it's because I started with a cigarette that suits me right. Luckies are so very mild. I like the fine taste of their tobaccos—and because I'm so sensitive to personal daintiness—for, after all, my cigarette touches my lips—I particularly welcome the added assurance of pur-

ity which "Toasting" affords. Whenever I hear comments about cigarettes—I always say, "But Luckies are different." And then I would say some nice things about "Toasting". To hear me you'd think that I discovered "Toasting"—but that's just my way. I like to root for things that please me. And certainly—"Luckies Please!"

because "It's toasted"

APOPLEXY CAUSE OF MAN'S DEATH AT JERSEYVILLE

Jerseyville, June 21.—Fred Herold, Sr., well known jeweler and business man of Jerseyville died suddenly at his residence in this city Tuesday morning. Death was attributed to apoplexy. The deceased had arisen at his customary hour and was preparing to assist with the laundry work when he was fatally stricken.

Herold conducted a jewelry store in this city for the past thirty-nine years. He is survived by his wife, Mrs. Minnie Herold, two sons, Fred, who is assistant cashier of the State Bank of Jerseyville and Hugo Herold of Chicago and two daughters, Mrs. Gerard Schaeffer of Danesville, New York, and Mrs. R. J. Laible, of Normal.

Band Concert June 28
The Jerseyville Municipal Band is preparing for their second concert of the season on Wednesday, June 28th, on the courthouse lawn. The first concert last week was interrupted to some extent by the noise of children playing around the band stand and officials are making an effort to eliminate any such disturbance during the future programs.

The program prepared for next week is as follows: Lackawanna Band March, by Rosenkranz; Pasadena Day March, by Vessalla; Overture of Best Loved Southern Melodies, by Hayes; Forty-Second Street, by Durbin; Flowers of the Wildwood, by Shaggs; Semper Parvulus March, by Sousa; Dunlap Commandery March, by Hall; My Darling, by Meyers; Overture Superba, by Dalby; Trombone Blues, by Jewell; Young and Healthy, by Dykstra; Washington Post March, by Sousa.

GREENE COUNTY MAN SENTENCED TO STATE FARM

Carrollton, Ill., June 21.—Greene county court opened Tuesday morning and Judge G. K. Hutchens read the sealed verdict in the case of the People vs. William (Bill) Merritt, which was guilty, as charged. Judge Hutchens then sentenced Merritt to four months at Vandalia and a fine of \$100.00.

The next case called was the case of Mrs. Myrtle Hyatt vs. John Simmons, Sr., both of White Hall, charges are assault with a deadly weapon, on two counts. Plaintiff alleges that Simmons did on August 27, 1932, threaten her with an axe, in a quarrel over a German police dog. Defendant claimed he brandished axe to defend himself from the dog, which he claimed attacked him.

Simmons was represented by Attorney Julian Hutchens, brother of Judge G. K. Hutchens, who made a very good case, as State's Attorney Pearl Smith vigorously prosecuted the case. The jury reached a verdict in less than 15 minutes of "not guilty" of the charges in the information, and defendant was discharged.

The next case on the docket was The People vs. Charles Brannan, of Eldred, who is charged with assault with a deadly weapon. The information charges Brannan assaulted Oscar Armstrong. As there are about 30 witnesses in this case it is expected to be a hard fought case. The jury was chosen by 3:30 p. m. after which court adjourned until 9:00 o'clock Wednesday morning.

A new trial was asked for "Bill" Merritt, but the motion was overruled by Judge Hutchens.

CHAS. MITCHELL CASE PLACED IN HANDS OF JURY

**Former Banker is Charged
With Evading His Income
Taxes**

New York, June 21.—(AP)—Ten hours after it received the case the federal court jury trying Charles E. Mitchell on charges of evading \$850,000 income tax retired tonight without having reached an agreement.

Its deliberations were interrupted only once, aside from meals. Shortly after 5 p. m. the 12 men filed into the court room with a request that Judge Henry W. Goodard re-read part of his instructions relating to money Mitchell, former chairman of the National City Bank, had received from a management fund.

Mitchell remained in the dingy courtroom with his attorney, Max D. Steuer until Judge Goodard ascended the bench at 9:30 p. m. and announced an adjournment until 9:30 a. m. tomorrow.

The jurors were debating Mitchell's guilt or innocence on two counts. One involved the sale of 18,300 shares of bank stock to his wife and the failure to include in his 1929 income tax return \$666,666.67 received from the National City Company management fund.

The other count concerned the sale of stock to W. D. Thornton, on which Mitchell suffered so great a loss that he paid no 1930 income tax.

When the jury asked Judge Goodard to repeat his instructions about the management fund, the jurist read a portion of the statement, but was interrupted by foreman James K. Campbell, who said: "We think what

you've read covers the point. We don't need it."

The jurors then were taken to dinner.

When the jurors returned, the crowd in the dingy court room and halls had dwindled.

Judge Goodard returned to his chambers early in the evening. In a room nearby, Mitchell was joined by his brother in law, Joseph P. Rend of Chicago, and George Burckley, a vice president of the National City Bank. Rend was a witness for the defense last week.

Mitchell frequently paced the corridors outside the court room, and engaged in conversation with his attorney, U. S. attorney George Z. Mead.

MONROE WILL NOT GO BEFORE JURY

Springfield, Ill., June 21.—(AP)—Senator James Monroe, of Collinsville, indicated tonight he would not appear voluntarily before the Sangamon county grand jury to explain his statement that attempts had been made to pay him to vote against a dental practice bill.

Monroe is expected to stand on his constitutional rights, under which no member of the legislature can be subpoenaed.

"I have not yet received State's Attorney Greening's letter," Monroe said. "I probably shall answer it, but I don't think I'll appear before the grand jury."

MURDER TRIAL OPENS

Chicago, June 21.—(AP)—Trial of John L. Minzer, 30, local laundry foreman and amateur golfer, for the murder of Miss Amelia Sully, 26, alias Jenny Emerson, was opened today. Questioning of prospective jurors indicated that the defense would be alcoholic insanity and extreme worry.

Minzer's signed confession of Feb. 22, the day of the murder, police said, attributed the need to the girl's statement that she was about to become a mother. He strangled her, the indictment charged.

LOUGHRAN WINS

Yankee Stadium, New York, June 21.—(AP)—Timothy Loughran, Philadelphia's veteran heavyweight, was awarded the decision tonight over Steve Hamas, an old foe, after ten fast rounds before a crowd of 10,000 in the big American League ball park. It was their fourth meeting, and evened the score at two victories each. Loughran weighed 186, Hamas 187.

ARRIVE BY PLANE

Chicago, June 21.—(AP)—Secretary of War Dern and Speaker Rainey of the House of Representatives arrived here tonight by airplane from Washington to participate tomorrow in dedication ceremonies for the lakes-to-gulf waterway.

LINDBERGH MAY FLY TO ICELAND

New York, June 21.—(AP)—Col. Charles A. Lindbergh is considering a flight to Greenland and Iceland this summer to take charge of an aerial survey of that territory for the Pan-American Airways system, of which he is technical adviser.

Juan T. Trippe, president of the system, said today an expedition will sail late this month to carry on further studies of the northern transatlantic flying route. If he is able to leave his duties here, Colonel Lindbergh may join the expedition later by plane.

FOURTH OF JULY PLANS WILL BE COMPLETED SOON

Final plans for the Fourth of July celebration at Nichols park will be made at a meeting of committees at the Chamber of Commerce at 7:30 o'clock Thursday evening. The committee chairmen handling the numerous contests will have their lists of events ready for submission to the group.

There will be contests in swimming, boating, fishing, tennis, horseshoe pitching, roque, races, etc. Chairman J. A. Long of the prize committee expects to have a hundred prizes to be distributed among winners of the various events.

BAUGHMANN HEIFERS ACHIEVE \$6.00 MARK

John Baughmann of Sinclair, Ill., achieved an outstanding price when his heifers were sold at \$6.00 cwt., on the St. Louis market on June 20th, according to reports from the Producers, his cooperative, who disposed of them.

The highest price paid for large loads of heifers that day on that market was \$5.60 cwt. Yet Baughmann's heifers averaged 555 lbs. They averaged 60 lbs. in weight and were of good native beef breeding, nicely fattened.

OBITUARY

William Travis Sargent, son of the late Rev. John C. and Belinda Holliday Sargent, was born in Payson, Ill., Nov. 19, 1857, and passed away at Our Saviour's hospital Thursday morning, June 15, where he had been a patient for the past week. Mr. Sargent had been in ill health for the past two years.

He had been a resident of Morgan county for many years, until nine years ago he moved to a farm west of the city. In 1924 he came to Jacksonville and resided at 1003 South Clay avenue. For the past two years he made his home with his two sisters, Mrs. May Sargent, Jones and Mrs. Helen Cleary. He was preceded in death by his parents, four brothers, John A. Lewis T. Henry and George W., and one sister, Mary Louella.

Mr. Sargent was a member of Mt. Zion M. E. Church. He was greatly beloved by all who knew him. He leaves three nieces, Mrs. Ernest Jones, Franklin, Mrs. Gladys Cardosi, Springfield and Mrs. Philip Cleary, Jacksonville and two nephews, Hugh Sargent, Mercedia and Dresser Sargent, St. Louis.

Largely attended funeral services were held Saturday afternoon at the Williamson Funeral Home in charge of Rev. G. T. Wetzel.

MAKE PROGRESS

Chicago, June 21.—(AP)—Progress has been made at Valparaiso university since it was taken over by the Missouri synod of the Lutheran church, O. C. Kreinheder, president of the school, told the English district synod today.

The subject of amalgamation of the English district with the 29 bi-lingual districts of the synod was given to a special committee for discussion.

285 Miles After His Bill Passes

A photograph of State Representative J. C. Duval of Fort Worth, Texas, as he was enroute by horseback from San Antonio to Fort Worth, has appeared this week in a large number of newspapers. Representative Duval is a nephew of Mrs. Joseph Tormey of West Morton avenue, and a son of Dr. and Mrs. C. H. Duval of Latonia, Ky.

Rep. Duval promised his constituents he would ride horseback from San Antonio to Fort Worth—285 miles—if his bill to permit horse racing in Texas was passed by the legislature. It was—so Duval made the trip in company with Garry Thurman, 13 years old, whose father furnished the horses.

At the time of his election 6 years ago Duval was the youngest legislator in the history of Texas.

Now that things are getting back to normal again, we'll resume the ball column occasionally, or whenever we can pick up enough dope to make it interesting.

The tennis tournament is about the most interesting of these six annual affairs we ever have seen. There have been some good matches and there will be a few more before the whole affair becomes history.

Nothing has struck us quite so much as the victories piled up by Elmer Lukeman. For a youngster, only 14 years old, who will not be 15 until this October, he seems to be assembling the kind of a game that makes big winners. He can do most of the things the older players can do except blaze away with terrific drives, but that is hardly expected of a youngster.

Lukeman likes to play the game like chess—maneuver the opponent into a hole and then get in the winning blow. He does it too, with well placed lob shots, followed by a rush to the net where he picks off returns and drives them to opposite corners as fast as the ball comes back. Even the most lively opponent runs down under this sort of treatment.

In order to play this style of game, Lukeman has built up a fine overhead shot defense to take care of the lob intended to drive him away from the net. He never runs hard, plays every point for all it is worth, and changes his tactics so rapidly that his opponent no sooner gets him figured out than there is something new coming up.

Jack Moriarty, his opponent in the city championship match, has about the finest collection of strokes of any player in the city. He has been playing better tennis in this year's tournament than ever, and will give the youngster a real test.

Moriarty has been dubbed "Mall" by his tennis playing friends because of his fondness for malted milk. Moriarty has been known to drink as many as four malts during a day while resting between tennis matches.

Al Pearce, one of the contenders for the district single championship, is one of the most spirited players

ROY SHELTON IS CONVICTED

Carlyle, Ill., June 21.—(AP)—Roy Shelton, brother of Carl and Edna Shelton, East St. Louis gang leader, was sentenced to from one year to life imprisonment here today on a charge of robbery with a gun.

He also was sentenced to a year imprisonment on each of two kidnapping charges, likewise growing out of the kidnapping and robbing last December of Gilbert Schilling and M. Lila Rohr, of Carlyle. All three sentences, in the Chester penitentiary, are to run concurrently.

Two other men, Vaughan Holman and Edgar Mendenhall, both of East St. Louis, previously pleaded guilty to participation in the holdup and are serving sentences of from one year to life.

They testified at Shelton's trial. The latter's attorney said the case would be appealed. Shelton was on parole from Chester prison when the crime was committed here.

HOLDS NINE DEGREES

New York, June 21.—(AP)—Herman A. Heydt, 65 year old attorney, holds nine miscellaneous degrees, but only one of them did he obtain the basic one—Bachelor of Arts.

He was graduated from City College, fulfilling an ambition formed the day he stepped into his father's dry goods business.

In 1893 Heydt obtained a bachelor of philosophy degree, then a bachelor of laws and doctor of jurisprudence. Fordham made him an honorary doctor of laws in 1930.

But still he wanted a B. A. A year ago he arranged to enter night courses at City College, and stood near the top of his class.

UNOFFICIAL PRESIDENT

Washington, June 21.—(AP)—The state department today received a telegram addressed to "Bernard M. Baruch, unofficial president of the United States."

It said "congratulations. I know of no better man for the job" and was signed by a citizen of Tulsa, Okla.

Receipt of the telegram followed an announcement that Baruch, at the request of President Roosevelt, would act as an adviser to government heads in the president's absence.

AMERICAN PEONY WINS

Chicago, June 21.—(AP)—An American peony today won the Farr gold medal as most beautiful flower and best peony at the national peony show at the world's fair. Three French varieties which had taken the honor in recent years also were exhibited.

A. M. Brand of Fairbault, Minn., originated the prize winner, a new variety, named Hansens brand. The award went to Judge C. W. Bunn of St. Paul, vice president of the Northern Pacific Railroad, who had several hundred blossoms at the show.

LEGALIZE NIGHT BETTING

Springfield, Ill., June 21.—(AP)—The house, 87 to 10, tonight passed a bill to legalize parimutuel betting after sundown, opening the day for legalizing betting at dog tracks. The bill was sent to the senate.

We have seen. He rushes and charges about the court, slamming the ball almost everytime he connects, striving hard to get kill shots. He plays a closer net game than most singles players attempt, and leaps high into the air to take care of shots.

Merrill Kesinger, his opponent, is probably one of the least graceful of the players, but none of them can back him up when it comes to intestinal fortitude. Kesinger was a lot of matches from players who appear to be better than he is, simply because he plays hard, will take chances, and never knows when he is beaten.

We had a letter from Elmer Beades, of Ashland, wanting to enter the district singles tournament again this year, but the entry arrived too late. Beades is up at Bloomington, and didn't know the tournament was being held early this year until the first rounds had been completed. He won the district singles title last year.

Owen Thompson, who won the local city championship last year, and then captured the open championship from Beades, telephoned his parents here to find out about the first round matches. Owen has entered the Watson, Lewis and Clark championship tournament this summer. The championship there is conducted by qualifying players from the various courts.

Coach Buster Keagle told us the other day that he has completed arrangements for a football game with Pittsfield early in the season and has only one open date on his schedule so far. The Pittsfield-Roodhouse game probably will be one of the first to be played in this section of the state.

Coach Frank Walker, accompanied by his wife and Mr. and Mrs. Glen I. Myers, of the high school faculty, left last week for Colorado, where they will have a cabin this summer. The cabin is located, Walker tells us, two blocks, straight up from El Dora.

Hours of keeping the Nichols Park swimming pool open for business have been lengthened. The pool will remain open until 11 o'clock at night if necessary to accommodate those persons who work during the early hours of the evening. The pool will not open as early in the mornings.

13-YEAR-OLD LAD ELECTROCUTED IN PLEASANT HILL

Pleasant Hill, June 21.—(AP)—Thirteen-year-old Billie Clevers thought he would help out an uncle, moving his residence, by connecting the electric lights for him.

Billie, the son of Mr. and Mrs. George Clevers, of Pleasant Hill, climbed a pole to reach the power line connection. As he latched one wire, the shock threw his body across the wires and killed him. He was taken to the hospital, but died before he could be removed.

His father, Mr. George Clevers, is a well known wholesale fruit dealer, remained in a critical condition with a bullet wound in his chest.

Telling an involved story of the tragedy today, Mrs. Pleasenter said she shot the pair when they tried to slip from the home after she and Nancy returned unexpectedly from a trip to Cincinnati.

She said she heard them coming down the stairs and that as they started to leave, she fired four times from a rifle owned by her daughter.

NORIE IS NAMED LIFE PRESIDENT

Chicago, June 21.—(AP)—The Rev. Dr. M. Norie, of Lutheran College, Decatur, Ill., was elected honorary president for life of the American Lutheran statistical association at its sixteen annual convention today.

Dr. Norie has been president of the association since 1918.

FACED WITH ARREST JANITOR DROPS DEAD

Lawrenceville, Ill., June 21.—(AP)—John Sheehan, 72, janitor of a grade school building, dropped dead today when officers went to his home to arrest him on statutory charges preferred by three girls in the school under 16 years of age.

Herrin previously had denied the charges when brought before the school board. He was indicted yesterday with four other men more than 50 years old. Claude Hutchinson has been arrested. The other three are Al Jones, Charles Herth and Joe Papers.

The offenses are alleged to have occurred at the school building between last November 5 and May 7. The girls asserted they had drunk beer at Hutchinson's place.

J. P. CROWLEY WEDS

New Haven, Conn., June 21.—(AP)—Betty Sheehan, 22, daughter of T. A. D. Jones, former Yale football coach and Joseph P. Crowley of Milwaukee, Yale football star and captain of the 1933 Yale track team, were married today in New Haven.

The ceremony was performed at the Jones' home with only a few attendants, the couple leaving immediately on a wedding trip.

Crowley, who attended Roxbury school before coming to Yale, was graduated yesterday. The bride's father retired as Yale's coach several years ago.

THIEF STEALS GERMS

Chicago, June 21.—(AP)—The thief who stole Dr. E. C. Reynolds' automobile and medical case today obtained a potential epidemic and didn't know it. In the case were cultures of diphtheria germs, enough, the doctor said, to spread the disease to dozens of persons. The doctor issued a warning to the thief not to fool around with the case if he valued his life.

PLANT REOPENS

Ottawa, Ill., June 21.—(AP)—Resumption of operation of the Ottawa plant of the Libbey Owens Ford Company, which has been closed since last August, was today set for July 15, by D. H. Goodwillie, of Toledo, O., vice president and general manager of the company.

IOWA REPEAL BLOW TO HOPE OF DRY FORCES

**Traditionally Dry
State Favors
Repeal 3-2**

Des Moines, June 21.—(AP)—Bolting from its place in the ranks of traditionally dry states, Iowa today was recorded among the 14 already on record as favoring repeal of the eighteenth amendment.

The 3 to 2 vote cast yesterday in favor of repeal was another blow to hopes of prohibition supporters to prevent the repeal of the constitutional provision which has been a subject of bitter debate since its adoption.

By its mandate, the Hawkeye electorate automatically approved the repeal amendment, since the vote elected a group of 99 delegates at large, pledged to repeal. The delegates will meet July 10 to ratify formally the twenty-first amendment to the federal constitution.

A huge repeal majority in the heavily populated counties of the state swung the balance in favor of repeal. While the rural sector of the state apparently even for and against the proposal.

Counties along the Mississippi river went heavily for repeal, notably Dubuque and Clinton counties. While Cook county gave repeal at the 100 majority and other urban counties contributed large leaders.

The count, with 2,304 of the state's 2,435 precincts reported, showed a vote of 368,691 for repeal and 242,412 against. The remaining precincts were scattered through 28 counties and could not affect the final result.

Of the 71 counties from which complete returns were available, only 29 of them were recorded in the dry column. Taking the 99 counties as a whole, 35 or 36 of them appeared likely to cast a majority in favor of repeal of the eighteenth amendment.

The south-central section of the state was the only region voting solidly against the repeal amendment, while in the entire north half of the state only about eight counties were listed in the repeal column, and some of these by a small margin.

PLEADS NOT GUILTY TO KILLING WOMAN

Portsmouth, O., June 21.—(AP)—Mrs. Ethel Pusateri, who police said admitted she shot and killed another woman and critically wounded her husband when she found them together, pleaded not guilty to a charge of second degree murder.

She wanted examination and was held to the grand jury. With her daughter Nancy, 18, Mrs. Pusateri returned home where the double shooting occurred last night.

Relatives identified the body of the slain woman as Mrs. Annnette Buterson McCoy, 28, pretty wife of Edward McCoy, a machanic.

The husband, August Pusateri, 46, well known wholesale fruit dealer, remained in a critical condition with a bullet wound in his chest.

Telling an involved story of the tragedy today, Mrs. Pusateri said she shot the pair when they tried to slip from the home after she and Nancy returned unexpectedly from a trip to Cincinnati.

She said she heard them coming down the stairs and that as they started to leave, she fired four times from a rifle owned by her daughter.

CLUBS

The Westminster Missionary society will meet this afternoon at 3 o'clock at the home of Mrs. Henry B. Kamm, 1127 Mound avenue.

EAST SIDE JUNIORS

FOUR-H CLUB TO MEET

The regular meeting of the East Side Juniors Four-H club will be held on Friday evening at the South Jacksonville schoolhouse at eight o'clock.

Members and parents are urged to be present. The meeting this week will be the last at which new members will be accepted into the club.

HOLDS NINE DEGREES

New York, June 21.—(AP)—Herman A. Heydt, 65 year old attorney, holds nine miscellaneous degrees, but only one of them did he obtain the basic one—Bachelor of Arts.

He was graduated from City College, fulfilling an ambition formed the day he stepped into his father's dry goods business.

In 1893 Heydt obtained a bachelor of philosophy degree, then a bachelor of laws and doctor of jurisprudence. Fordham made him an honorary doctor of laws in 1930.

But still he wanted a B. A. A year ago he arranged to enter night courses at City College, and stood near the top of his class.

GRAIN PRICES
MUCH HIGHER

By John P. Boughan
(Associated Press Market Editor)
Chicago, June 21.—(U. S. Dept. Agr.)—Almost the entire list of grains jumped late today to fresh high price records for the season.
Indications pointed to a return of hot weather in the northwest, where recent scorching temperatures and drought were unofficially estimated to have cut United States wheat crop prospects down fifty to seventy million bushels. Much notice too, was taken of a statement by Secretary Wallace of the department of agriculture that losses of winter wheat, together with damage to spring wheat, meant probably the smallest total domestic wheat crop in a generation.
Friends of higher prices for wheat gave particular emphasis also to suggestions voiced by Secretary Wallace that the United States, while holding the domestic price of wheat around \$1 might resort to dumping this country's wheat surplus on the world market, if Australia, Argentina and Canada did not see the light at London.
Wheat closed buoyant at the day's high, with the department of agriculture's finish, corn 1-3 cents up, oats 1-1/2 advanced, and provisions varying from 12 cents decline to a rise of 2 cents.
Adding to upward impetus of wheat values were Canadian government reports telling of extensive damage to crops. There was also an increased disposition to consider winter wheat damage in this country, especially advanced field reports today from Illinois and Indiana. From the outset, too, advances indicated that rains northwest and west were insufficient to relieve wheat crop conditions.

America is 8-Cylinder Conscious!

Because of its dependability, as well as its speed, power and efficiency, the V-type engine is a feature of nearly all of America's most expensive cars, including Lincoln, Cadillac, LaSalle, Packard, Pierce-Arrow, Franklin and Marmon. Truly an impressive list. And where these manufacturers make both in-line and V-type motors, the V-type motors are used in their "more expensive" cars! And engineers know!

When the Ford Model A was introduced in December 1927 it was far in advance of performance and design offered at that time. Similarly, Ford now offers "Tomorrow's Car Today." The finest high-quality automobile offered at a low price—the most respected car on the highways of America—a car that will thrill you with its surge of power—its efficiency at all speeds—and surprise you with its economy, and that's guaranteed!

Why be satisfied with less than 8-cylinder performance, when it is available for less than the price you pay for an ordinary car?

Let us tell you about "Tomorrow's Car" available today—and then make us prove it.

America is 8-Cylinder Conscious!

Because of its dependability, as well as its speed, power and efficiency, the V-type engine is a feature of nearly all of America's most expensive cars, including Lincoln, Cadillac, LaSalle, Packard, Pierce-Arrow, Franklin and Marmon. Truly an impressive list. And where these manufacturers make both in-line and V-type motors, the V-type motors are used in their "more expensive" cars! And engineers know!

When the Ford Model A was introduced in December 1927 it was far in advance of performance and design offered at that time. Similarly, Ford now offers "Tomorrow's Car Today." The finest high-quality automobile offered at a low price—the most respected car on the highways of America—a car that will thrill you with its surge of power—its efficiency at all speeds—and surprise you with its economy, and that's guaranteed!

Why be satisfied with less than 8-cylinder performance, when it is available for less than the price you pay for an ordinary car?

Let us tell you about "Tomorrow's Car" available today—and then make us prove it.
